

I feel it is un-American and dangerous to allow Sinclair, a large, Republican- supporting broadcasting corporation, air their documentary, "Stolen Honor", just weeks away from the election. They are clearly trying to influence the election using public airwaves. They should either be forbidden to air it or give equal air time to a pro-Kerry film. Our country was built on equality and giving Sinclair this edge is against everything America stands for.  
Thank you.
